accessory	6.dowel	7.angle bracket	8.Small screw		
icon					
QTY	6	4	16		

Installation steps:

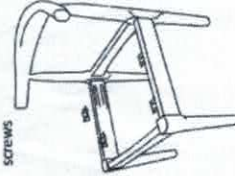

1. Take out the dowel and install it on the backrest frame, and fix the side frame and the backrest frame with the connecting screws

3. Install dowel on both sides of the front frame and then connect the side frame with front frame by using the connecting screws

4. Take out the angle bracket and fix it on the inner edge of the side frame with small screws

5. Take out the seating stool and fix it in place. Use the small screws at the bottom direction to lock the seating stool from the screw hole of the angle bracket.
